In cases where benefits are not assignable or in any case where your benefit is processed directly to you regardless of assignment, you agree to submit any payments received along with the explanation of benefits to this clinic within 10 days of receipt unless you have paid for the services represented by said payment in full at the time of service. The doctor's office will provide any necessary reports or required information to aid in insurance reimbursement of services, but I understand that insurance carriers may deny my claims and that I am ultimately responsible for any unpaid balances. Any monies received will be credited to my account.

I understand there could be some services that my insurance company does not cover, if this is the case are you willing to pay for these

services? ☐ Yes ☐ No
